SEALED TENDERS will be received at the Lands & Works Office, New Westminster, up to noon of WEDNESDAY, the 31st day of MAY, 1865, for the construction of a Waggon Road connecting the COTTONWOOD RIVER BRIDGE with the road now made to a point about 3 miles from the town of Van Winkle.

The road to follow the present blazed line as far as Davis' Creek, and thence along the valley of Lightning Creek to the point above named. The road will be divided into three sections.

With each tender must be enclosed a Bond of the person tendering, and of two responsible Sureties with him, for the payment to the Government of the sum of $1,000, conditional on the non-fulfilment by him of the terms of his tender, if accepted.

The lowest or any tender not necessarily accepted.

Further particulars can be had by applying at the Lands & Works Office, New Westminster, or at the Magistrate's Office, Quesnelmouth, where the Specifications and form of Bond can be seen.

THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of liver & stomach.

Bronchitis, Diptheria, Coughs, Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any overgorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Biliousness, Loss of Appetite, Headache and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Retention of Urine
Asthma	Fevers of all kinds	Scrofula, or King's Evil
Bilious Complaints	Fits	Sore Throats
Blotches on the skin	Gout	Stone and Gravel
Bowel Complaints	Head-ache	Secondary Symptoms
Colics	Indigestion	Tic Douloureux
Constipation of the Bowels	Inflammation	Tumours
Consumption	Jaundice	Ulcers
Debility	Liver Complaints	Venereal Affections
Dropsy	Lumbago	Worms of all kinds
Dysentery	Piles	Weakness, from whatever cause, &c., &c.
Erysipelas	Rheumatism

NEW WESTMINSTER, TUESDAY, MAY 30, 1865.

A POST OFFICE WANTED.

Wherever a post-office can be established without any additional charge upon the Exchequer, and where it will prove an accommodation if only to half a dozen of colonists, it should undoubtedly be done. In Canada, for instance, hundreds of offices have been established in this way: The people immediately interested petition the department; a shop-keeper at the "cross-roads," or when there is no shop-keeper, a respectable settler offers to discharge the duties of Postmaster without remuneration; the stamp and stationary are furnished by the Government; and thus every little hamlet, nay, we might almost say, every "cross-roads" has its post-office. The general rule, however, is to allow the postmaster in such cases one-third of the proceeds of his office as a sort of remuneration. In this way the settler has rarely occasion to travel more than two or three miles for his letters and papers. In this colony, so far at least, this plan has not been tried, although it might be introduced in many places with very great advantage. There are settlements in which the people are entirely cut off from the benefits of the mail service, although by no means enjoying exemption from the taxation necessary to sustain it. We could name several settlements in which it would be advisable to establish branch offices of this sort but we will content ourselves for the nonce with naming the Chilliwhack District. There are a very considerable number of settlers in this district, and we believe their nearest post-office is about 40 miles off. The river steamers call regularly there—at Codville Landing we believe—and the thing would therefore involve no additional expense, so far as the steamboat service is concerned; and we have no doubt that Mr. Codville would cheerfully undertake the not very onerous duties of Postmaster. We trust this subject will have the early attention of the Post-master-General, and that, commencing with Chilliwhack, many of the outlying districts will be reached by the mail service. Perhaps we might be permitted, in concluding these few cursory remarks, to enquire what has become of the new mail system and the contract for carrying it out?

Canada and the Maritime Provinces.

Our Canadian files are to the 19th April. The intelligence of Lincoln's assassination produced a very profound sensation of horror. Mass meetings were held in all the cities and towns throughout the Province, at which strong speeches were made and resolutions of condolence passed. Special services were held in many of the churches. In Great St. James-street Wesleyan Chapel, Montreal, a union meeting, representing all the Protestant denominations in the city, was held. That spacious edifice was crowded, and the services were solemn and affecting. A few Southerners in Toronto ventured at first to give expression to their feelings of gratification; but public opinion completely overawed them.—The Honorables George Brown, J. A. McDonald, Galt, and Cartier, had left for England as a delegation to the Imperial Government respecting Federation and other important public questions.—Judge Gale, of Montreal, died, aged 82 years.—The St. Albans Raiders had been sent to Toronto to stand their trial for a breach of neutrality laws, the proceedings for extradition having been withdrawn.—Montreal had been again visited by one of those inundations to which it is subject from the ice jams on the breaking up in the spring. In this instance the case was more serious than any on record. A great part of the city was inundated to a depth of several feet, and people were in many instances driven to garrets and even house tops, while the streets were crowded with scows, boats, rafts &c., plying back and forth. Over three hundred houses and sixty lives were destroyed.—In Nova Scotia and New Brunswick there was a sort of reaction in public feeling respecting Federation. In the latter Province there appeared to be little prospect of the anti-Federation party being able to carry on the Government. Prince Edward's Island had been notified that whether a Federal union should take place or not the salary of the Lieutenant-Governor would cease to be an Imperial charge.—The Hon. Mr. Tilley had gone to England with the Canadian delegation; and although his visit was unofficial it was presumed he would be consulted in matters connected with the Federation scheme.

FOR YALE.—The *Reliance* left for Yale on Saturday, carrying up a heavy freight and about 250 Chinamen besides a large number of white passengers.

The British Columbian.

NEW WESTMINSTER, TUESDAY, MAY 30, 1865.

TELEGRAPHIC EXPLORATIONS.—Mr. Conway, of Collins' Overland Telegraph Company, arrived from Victoria on Friday last, accompanied by an exploring party commanded by Major Pope. The party will be 30 strong and will proceed to make a preliminary exploration of the country lying north of Fort George, with a view to ascertaining the best route for the Overland Telegraph line. This party comprises a naturalist and several artistic and scientific gentlemen who will doubtless collect much valuable information respecting the country through which they propose to pass. We understand that military discipline will be to a great extent maintained. The party is well armed, and in order to guard against the possibility of a surprise from the natives, pickets will be stationed around the camp every night.

FROM CARIBOO.—The steamer *Lillooet* arrived from Yale yesterday, bringing $106,000 in treasure for the Bank of British Columbia, and a Cariboo Express and mail. Our advices are to the 22nd inst. Most of the claims were being worked, many of them paying well. John A. Fraser, son of the discoverer of the river which bears his name, committed suicide. He expired on the 20th inst.

INTERESTING PICTURES.—We were shown several very interesting pictures, photographed by Mr. Gentile, during the late celebration, amongst which are a group picture of His Excellency the Governor and suite, with four of the principal native chiefs for a background; and a group picture of all the chiefs, with their temperance banners and Union Jacks, headed by the Rev. Pierre Fouquet. Some of these pictures are exceedingly good.

ANTOINE REPORTED IN TOWN.—It was reported to the Chief Inspector of Police on Friday night, that the villain Antoine was seen in this city. Diligent search was made and scouts sent out, but, so far, without any practical result. It is supposed that he may have got down by the *Langley* with a view to getting off on one of the steamers.

USEFUL PRESENTS.—During Friday a set of agricultural and mechanical implements were served out to each of the 80 chiefs by the Government for the use of the villages they represent. They appeared highly pleased with the gift, and will, it is hoped, turn them to good account.

THE BOAT RACES.—A very pretty race was run on Thursday between two of the boats belonging to the *Cameleon* and a boat built by Mr. Murray at the Camp, the latter winning. A very exciting race also took place between this boat and a pretty gig built by Mr. Nagle, the former winning. Mr. Nagle's boat took the second prize.

A BACHELOR'S BALL came off in the Legislative Hall on Friday night. The invitations were liberally extended and the attendance was large, but owing to some misunderstanding the Rifles did not appear in uniform. His Excellency honored the occasion with his presence.

EDUCATION ON THE ISLAND.—The School system for Vancouver Island, has at length become law. We have not seen a copy of the Bill, but understand its provisions are enlightened and liberal. It is probable that Mr. Jessop, a gentleman eminently qualified for the position, will receive the appointment of School Superintendent.

COMMENDABLE.—The Chief Inspector of Police, offers a reward of one thousand dollars for the apprehension of the man Antoine, who murdered Ogilvy at Bella Coola. This step indicates a determination on the part of the Government to uphold the law along the coast.

IMMIGRATION.—Our customs returns, published elsewere, show an immigration last week of 487, being much larger than usual at this season of the year. It is proper, however, to mention that a large proportion, probably 70 per cent. of these were Chinese.

RETURN OF THE CHIEF COMMISSIONER.—The Hon. Mr. Trutch, Chief Commissioner of Lands & Works for this colony, arrived at Victoria by the *Sierra Nevada* last week, and came up here on Friday.

IMPORTATION OF "PIGS."—The screw steamer *Diana*, Capt. Wright, arrived yesterday from Puget Sound with grain, poultry, potatoes and 175 pigs. The pigs belong to Mr. Dunlevy, and will be taken up to his ranch.

FROM VICTORIA.—The steamer *Enterprise*, Capt. Mouat, arrived from Victoria on Friday evening with 90 tons merchandise, and 250 passengers of whom 196 were Chinese. She left for Victoria on Saturday.

CUSTOMS RECEIPTS for week ending Saturday, May 27th, 1865: Import duties, £1823 5 7; gold export duties, £236 8 6; harbor dues, £28 8 8; headmoney, £97 8; tonnage dues, £160 10; fines, £3 4 8. Total, £2347 7 5. Number of passengers entering at this port during same period, 487.

NEW YORK, May 21.—The *Herald's* account of the capture of Jeff. Davis says: When the guard went to his tent they were met by Mrs. Davis in *deshabille* with, "Please, gentlemen, don't disturb the privacy of ladies before I have time to dress." "All right, madam," replied the corporal, "we will wait till you have on your duds." Presently there appeared at the tent door an old lady with a bucket on her arm, escorted by Mrs. Davis in person, who, in a pleading tone, said, "please let my mother go to the spring for some water to wash." "It strikes me your mother wears very large boots," said the guard, as he poked the old lady's dress with his sabre and discovered a pair of No. 13 calf-skins—"and whiskers too," said the sergeant, as he raised the hand from her face and Jeff. Davis stood before them. After the capture Col. Pritchard started with his prisoners for Macon. The party were all sullen, and Davis remarked that if he had not been surprised he would not have surrendered without a fight. While on the road they received President Johnston's proclamation offering a hundred thousand dollars reward for Davis. He read it and trembled; his hand dropped to his side, and with a groan he dropped the paper. His wife picked it up, read it over, and the entire party burst into tears. The cavalry escort arrived at Macon on the 14th and soon after took a special train for Atlanta, thence to Augusta.

FORTRESS MONROE, May 20.—Among the passenges on the steamer *Clyde*, which arrived to-day, are Jeff. Davis and wife, four children, her brother and sister, and A. H. Stephens, who surrendered to our cavalry while at his house near Atlanta. He is in most feeble health. C. C. Clay and wife, Gen. Wheeler and staff, and several others of lesser note are among the number.

FORTRESS MONROE, May 21.—The *Clyde* remained another entire day at Hampton Roads. Jeff. Davis and family had not been removed up to this evening. Wheeler and staff were removed to the gunboat *Maumee* this morning and started for Fort Warren. Stephens and Postmaster-Gen. Regan were to be removed to the *Tuscarora*, which left for Fort Delaware.

NEW YORK, May 21.—A special dispatch says that Davis, Stephens, Regan and others seem to have no appreciation of the position in which they stand. Davis has no idea that anything beyond banishment will be his lot. Stephens thinks the Confederacy might start the civil government again, which would institute measures for repeal of the Ordinance of Secession, and by that means restore the original relations. Regan thought there would be no difficulty in bringing about good feeling, provided that disfranchisement and confiscation be not carried too far. No one expected that slavery could be saved, or that the debt would be assumed, but he thought that rebels who had official positions should not be deprived of their votes or lose their property.

WASHINGTON, May 21.—The detention of Jeff Davis at Fortress Monroe is in expectation that some time will elapse before all the evidence of his complicity in the assassination conspiracy is collected.

NEWBERN, May 18.—A number of citizens who fled to the interior of the State when our army entered Newbern are now returning to pay their taxes to the U. S. Commissioner, and obtain possession of their property under the President's amnesty proclamation. They are a class of people who have never, as a general thing, taken part in the rebellion:

NEW YORK, May 21.—The steamer *Hana*, from Southampton May 10th, has arrived: In the House of Commons on the 8th the debate on the Borough Franchise Bill was resumed. Gregory thought if it was pressed it would lead directly to universal suffrage. D'Israeli warned the House against sanctioning anything resembling democracy, and called upon them to reject the bill by a large majority. The House divided on the previous question—ayes 214, noes 288. The Prince of Wales opened the Dublin International Exhibition on May 9th. Ten thousand persons were present. The *Times* says it hopes President Johnson will treat the enemy once at his mercy with great leniency, and says now that Lee has surrendered, Mobile fallen and Johnston confessed himself exhausted, the North can afford to be magnanimous. We don't believe they will sully their victory with deeds of cruelty.

NEW YORK, May 21.—The following is additional per *Hana:* The *Times* says Booth's end was too good for such a miscreant. The most honest must feel in common with Americans that justice has been cheated of a victim. The Empress of France presided at the State Council on the 6th, and afterwards received the American Ambassador and addressed a private letter of sympathy to Mrs. Lincoln. The Emperor has issued a proclamation to the inhabitants of Algeria, urging them to become attached to the soil, treating Arabs as fellow countrymen. He said—we must be masters because we are more civilized, victorious because we are strongest. The Emperor was received everywhere most enthusiastically. He issued a proclamation to the Arabs, calling upon them to recognize the Province; as two millions of Arabs cannot resist forty millions of French. Litila says Italy will recognise the Pope as Chief of Catholicism, and will always treat with him upon religious matters and acknowledge his temporal sovereignty. The Municipality of Palmero has determined that one of the streets of that city should be named after President Lincoln. The *Phatie Du Sseir*, of Nantes, which appeared in mourning on publishing news of Lincoln's murder, now suggests that penny subscriptions should be collected for the purpose of presenting Mrs. Lincoln with a gold medal having the following inscription:—"Liberty, Equinanimity and Fraternity to Lincoln, twice elected President of the United States. The French Democracy are grateful to Lincoln, for the honest man abolished slavery, established the Union and saved the Republic without violating the statutes of Liberty. He was assassinated on the 15th of April, 1865."

A Confederate cruiser is reported off Manilla by the European press.

SECOND DISPATCH.

CINCINNATTI, May 22.—The Nashville dispatch reports capture of Governor Harris of Tennessee with $100,000 belonging to State Treasury. The State archives and all the State bonds have been captured. The published correspondence between Brownlow and officials of Chattanooga railroad shows that the rolling stock of the road is in good order to Augusta, including 25 locomotives. The road to Atlanta will be completed about the 1st of June. Two Indiana regiments will be mustered out within two weeks.

NEW YORK, May 22.—Special to the *Tribune* says Sherman left for Texas yesterday. He has been appointed to command the Department of Texas, and will immediately assume control of troops in the southwest, together with such additional cavalry force as may be required to be placed at his disposal. His and other cavalry forces passed by his window at Willard's yesterday as a tribute of respect to the General. On Saturday evening he was serenaded, and when called upon for a speech he merely said he had been so long in the service he had not had time to make a speech-maker of himself, which for the occasion he regretted.

NEW YORK, May 22.—Counsel for conspiracy trial at Washington have summoned 200 witnesses. The city is crowded to overflowing by persons who come to witness the trial.—Average pay due each soldier is $25. Government is ready to pay off and discharge every man. Sherman goes to Texas with orders to destroy and lay waste if rebels persist in holding out. The North Carolina delegation had a satisfactory interview with President Johnson. He is understood to adhere to total abolishment of slavery as a condition to reconstruction of civil power in the State. The *Tribune* says it is rumored that Government recently obtained letters from Jeff. Davis clearly implicating him in the assassination conspiracy.

ST. LOUIS, May 22.—Department at headquarters have received dispatches from Fort Scott announcing the surrender of Col. Taylor, commander of all the guerrillas in south-west Missouri and Arkansas. The rolls of his command are being made out. They surrender all their arms and equipments and take the oath. Bushwhackers are also coming into Lexington, Glasgow and other places, delivering themselves up and taking the oath.

WASHINGTON, May 22.—President Johnson has issued a proclamation declaring all the Southern ports except those of Texas open to foreign commerce after July 1st, declaring that foreign vessels attempting to trade illegally will be treated as pirates.

NEW YORK, May 22.—The *Herald's* Augusta, (Ga.) correspondent gives account of the occupation of that city. Gen. Mattinas, of New York, took possession on May 6th, and found about 100,000 bales of cotton, ten million dollars worth of ordnance stores and $400,000 in bonds. Part of Jeff. Davis' specie train was captured and $180,000 in gold received.

SAN FRANCISCO, May 23.—At an early hour this morning vehicles innumerable commenced to pour out of city for the ocean track to see the grand race between Norfolk and Lodi. The terms of race were 2 mile heats best 2 in 3, for $2,000 aside, and outside stake of 2,500. The wind raised clouds of dust but no one was to be kept back by such an obstacle from seeing the race. At a few minutes past three the riders were weighed. Gilpatrick, the most celebrated rider in America, and the rider of Lodi, pulled down 110 pounds, including saddle, spurs and whip. The rider of Norfolk weighed 100, including accoutrements. At the tap of the drum the horses were brought to the score and off at the word. They passed the score in the first mile Norfolk a length ahead; they crossed the score at the end of the second mile neck and neck, and it was decided by the judges a dead heat. Time, 3 43 1-5. They got off well in the second heat, Norfolk about a length ahead. Norfolk maintained the lead throughout the entire heat, crossing score three lengths ahead. Time, 34 33-5. On the third heat they made a false start. They got off well next start, Lodi a length in advance, but Norfolk soon lapped and led him about 2 lengths, which advantage he maintained throughout the entire heat. Time, 3 51 4-5. Legal tenders, 77½ @ 77¾. Gold on 22nd, 130½. Flour moderate, home trade at prices without quotable change. Wheat sales, 400 sacks for Stockton, at something under five. Barley remains dull. The *William Hunter* arrived, 156 days from New York. Opposition steamer *Moses Taylor* brought five million dollars in U. S. 7:30 bonds. Subscriptions will be received at the office of the Assistant Treasurer. A sharp shock of an earthquake was felt at 25 minutes past 3 o'clock this morning.

THIRD DISPATCH.

WASHINGTON, May 23.—As early as 7 this morning people assembled in Pennsylvania Avenue to witness the great review. The day is beautiful and everything is in order for march of the war-worn troops in front of the President's house. An immense stand was erected on the south side for the gallant officers of Grant and Sherman, who are to review the troops. Another stand was put up on the north side for Congressmen, and there are other stands also on the squares for the accommodation of soldiers. The residences in the vicinity of the President's house are adorned with flags and evergreens, and the route of march is packed with people eager to give the heroes of war a hearty welcome. The columns commenced moving at 9 o'clock, the first being headed by Gen. Meade, followed by his staff. He was cheered along the route, the ladies waving their handkerchiefs. At the Capitol children were assembled who were distributing bouquets and loose flowers to the gallant men as they passed along. The soiled and tattered flags of the soldiers are proudly borne by them amid the cheers of lookers-on. Cavalry is first in order to pass in review under Gen. Merrete. Gen. Custer bears a beautiful wreath on his arm, presented by the children at the Capitol. The stand in the vicinity of the President's house is surrounded by a dense crowd. The avenue is clear of vehicles, and many thousands have come here to witness the review, and the sidewalks are thronged. From the President's house to the Executive mansion—a distance of a mile and a half—windows, house-tops, and other elevated positions, are occupied by deeply interested people. All public business is suspended, and there is a general holiday. On the door of the Capitol is the following in very large letters: "The only national debt we never pay—the debt of gratitude we owe to the victorious Union soldiers." At the north Capitol at least 20,000 children assembled, neatly dressed, and there was much pleasure exhibited among them in presenting things to soldiers. All arms of service were represented in full force, and an occasional insertion of a body of Zouaves tended to relieve the sameness and give fine effect as they moved up the avenue. There was a continuous moving live. As far as the eye could reach were State, national, regimental and other flags. Some of them were new with stars of gold glittering in the sun; others were thickly covered with names and dates of battles where victories were won by these proud veterans. On the south side of the avenue, fronting the Executive mansion, stands were placed which were hung handsomely and festooned with national flags; and at various points might be seen inscriptions as follows: Atlanta, Stone River, South Mountain, Vicksburg, Savanah, Richmond, Petersburg, Coal Harbor. This stand was occupied in part by President Johnston and members of the Cabinet, Grant, Sherman, and other distinguished army officers. As each division passed in review before the President and Grant, the commanders severally left the column and took seats on the platform. The crowd in that part of the city was extremely dense, and at the main point of attraction and receiving places, where were assembled the highest dignitaries. Gen. Custer rode a powerful horse, restive, and at times ungovernable. When near the Treasury Department the animal madly dashed forward to the head of the line. The general vainly endeavored to check him, at the same time endeavoring to retain the wreath of flowers which had been placed on him. In his flight the general lost his hat. He finally conquored the horse and reported conduct. In passing the President's stand he made a low bow and was applauded by the multitude. The troops occupied six hours in review, from 9 a. m. to 3 p. m. The review was the grandest affair which has ever taken place on this continent, and was suggestive of the trials and glories of the armies.

SAN FRANCISCO, May 26.—Gold on the 24th, 132. Flour in jobbing trade in California and Oregon at about old figures. Wheat—400 sacks of good domestic sold at private sale, and another parcel at Petaluma is reported at 2½ per pound. A lot of barley sold at 2 or 3.

FOURTH DISPATCH.

NEW YORK, May 23.—The *Herald's* Mobile correspondent says: A rebel fleet, consisting of 12 vessels, surrendered to Commander Simpson. Two commanders and 150 officers surrendered with their vessels and were paroled. A large number of citizens of Dallas County assembled at Selma and passed resolutions requesting the Governor of Alabama to call the Legislature together with a view to restoring the State to its former position in the Union. Judge Bard, an influential citizen, made a short address, in which he counselled them to conciliation and modification. He said it depended on victory whether conciliation and harmony will be permanent. The *Herald's* Macon correspondent says the people of Georgia are rapidly settling themselves to the conditions of peace, forage and provisions being freely brought into places occupied by U. S. troops. The *Tribune's* special from Washington says there will be 21 miles of soldiers, 60 abreast, on review on Thursday. It is rumored that the President's proclamation will not permit loyal negroes to vote. Rebels are becoming quite arrogant against Gov. Pierpont, and trouble is expected from them.

SAN FRANCISCO, May 26.—Gold on the 23rd 132, Greenbacks 78 @ 78½; on the 24th 132.

PORTLAND, May 27.—Intelligence reached us last night that Idaho City was entirely burned down. Loss very heavy. No details yet. A private telegram says the *Brother Jonathan* will leave San Francisco for Portland and Victoria this morning.

CRICKET MATCH.—A cricket match was played on Friday between the Naval Eleven and the New Westminster Eleven, in which the former were beaten in the first innings.

MR. W.A.G. YOUNG.—The Victoria papers state that the return of Mr. Young, Colonial Secretary for Vancouver Island, may be looked for by the next California steamer.

THE "ALEXANDRA" BACK.—This steamer returned from up-river on Saturday. We understand she has sustained considerable damage. She left for Victoria on Sunday.

H. M. SHIP "CAMELEON," which is under orders for Home, left for Esquimalt this morning. The *Beaver* left on Sunday morning for a cruise on the coast.

☞ We have been obliged to omit our usual leader in order to make room for the telegraphic news.

PRESBYTERIAN CHURCH.—The Rev. Thos. Somerville preached to crowded congregations in the Presbyterian Church, Pandora-street, yesterday morning and evening. The rev. gentleman has a finely modulated voice, is fluent, animated, and earnest, and delivers his sermons extempore, using powerful and figurative language, and gracing his sentences with apt quotations from our best poets and writers. His discourses were listened to with marked attention by his hearers. —*Colonist.*

Confederation Galop.

We have before us a piece of music bearing the above title, composed by Sergeant H. Dixon, Conductor of H. M. Band, 1st. Batt., 15th Regiment, and dedicated to the Hon. S. L. Tilley, of New Brunswick. The music is set to the following poetry, composed by James Hogg, Esq., Editor of the *Head Quarters*, Fredericton, N. B.:

"Come one come all, both great and small,
Man, maiden, husband, wife;
Your interests blend in one great end,
Away with party strife:
We'll feed the fires our British Sires
First rais'd to light the nation,
And Brunswick's song shall sweep along,
Hurrah Confederation!
Old Newfoundland shall stretch its hand
To young Vancouver's Island,
And all between shall hail the scene,
O'er forest, field, and highland;
With banns proclaimed, and guests all named,
Through ev'ry town and station,
We'll all unite in feast or fight,
To hail Confederation."

ALL CURES MADE EASY!!

HOLLOWAY'S OINTMENT,

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.

These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighbouring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage; and most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout & Neuralgia.

Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm & other Skin Diseases.

After fomentation with warm water, utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach, consequently, in many cases, time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will be readily improved, although the eruption may be driven out more freely than before, and which should not be promoted; perseverance is necessary.

Sore Throats, Diptheria, Quinsey, Mumps & all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be well rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat: this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula or King's Evil and Swelling of the Glands.

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure the liver, stomach and bowels, being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs.	Chapped Hands,	Scalds.
Bad Breasts.	Contracted and	Sore Nipples.
Burns.	Stiff Joints.	Sore-throats.
Bunions.	Elephantiasis.	Skin-diseases.
Bite of Mosquitoes	Fistulas.	Scurvy.
and Sand-Flies.	Gout.	Sore-heads.
Coco-bay.	Glandular Swel-	Tumors
Chiego-foot.	lings.	Ulcers.
Corns (soft).	Lumbago.	Wounds.
Cancers,	Piles.	Yaws.
Chilblains,	Rheumatism.	

Sold at the establishment of PROFESSOR HOLLOWAY 244, Strand, (near Temple Bar) London: and by all respectable Druggists and Dealers in Medicines throughout the civilised world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Pot.

*** There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. an15
